

Glossing Your Paper: Telling Me the Story Behind the Paper:

Once again, please use the questions below to reflect on your paper and tell me about the choices you made as a writer. I will read the glosses before reading your paper and use them as a guide in responding to you in the way you want/need. Copy and paste the questions below into your paper at the beginning of your document and answer the questions right on the form itself. Do NOT send me the questions below as a separate email attachment –include them in with your paper document.

You can download a copy of this Post Write/ Self Gloss Form here:

1. Summarize your paper in two or three sentences (articulate the central idea driving the paper). Put this at top of your paper.
2. Point out the strongest part(s) of your paper and tell reviewer how and why they are strong.
3. Point out the weaker part(s) of your paper and tell reader how or why you had a hard time making them stronger.
4. Relate some good advice you received from Peer Review (name who gave it), and how you used it to improve your text.
5. How can your reviewer help you most in his/her response to this piece? PLEASE BE SPECIFIC about the parts or passages that you still aren't satisfied with, or a decision you made that you want your reader to comment on -- point it out.
