

EN101/ Fall 2013
Assign/Paper 1
Post Write/Self Gloss

Copy and paste this in at the beginning of your draft/paper and then answer the questions below.

The questions below ask you to think about your draft and tell your Peer Reviewer what you think about it. In answering these questions you are, in effect, telling your Peer reviewer “the story behind” your draft and what your concerns about it are. Your Peer reviewer and I will look at your responses to these questions before reviewing your paper.

1. Summarize your paper in two or three sentences (In other words, articulate the central idea driving the paper - if you can't do this, you might need to work further on developing one and you can ask your Peer Reviewers to help you with this).
2. Name the strongest part(s) of your paper and tell me how and why they are strong (in other words, what makes it strong in writer's terms. We will discuss this.).
3. Name the weaker part(s) of your paper and tell me how or why you had a hard time making them stronger (again, discuss this in writer's terms).
4. Tell your reviewers anything you think they need to know or you want them and me to know about the paper. How can your reviewer help you most in his/her response to this piece? PLEASE BE SPECIFIC about the parts or passages that you still aren't satisfied with, or a decision you made that you want your reader to comment on -- point it out.
